All athletes must be drug-free according to the SNBF anti-doping list and will be polygraph tested to verify their natural status. Polygraph testing will be performed on Friday, October 25, 2019 in Unterägeri, Switzerland by appointment. This test is valid for the SNBF Swiss Championship as well as for all WNBf/INBF affiliates. WNBf polygraph tests taken and passed within the last four weeks prior to the Swiss show will be accepted.

In addition, the top three athletes must pass a urine test, which will be taken immediately after the show. In case of a positive test result, the athlete will lose their ranking and will be banned according to the SNBF anti-doping list. The athlete will be informed in writing. The WNBf will be informed about the positive test result and the sanctions, which are valid internationally. The athlete accepts the test results and sanctions as legally binding and will not take any legal actions against SNBF or the assigned examiners.

The athlete grants SNBF the free-of-charge right to use any media such as pictures or videos taken at the event for any SNBF promotional purposes such as website, social media, promotional posters or flyers.

I agree with the aforementioned conditions:
